Summary

Final-semester UOW Master of Information Technology student with a finance and banking background, seeking the Graduate Business Analyst role at Blacktown City Council. Academic experience in BPMN process mapping, data analysis and Power BI reporting, complemented by customer service through a banking internship and stakeholder communication and project coordination through community activities.

Education

University of Wollongong Feb 2025 – Dec 2026 (expected)
Master of Information Technology, Majors in Enterprise Systems and Information Design and Analysis

- WAM: **83.9/100**
- Coursework: Business Process Management; System Analysis and Project Management; Enterprise Architecture Design and Systems Integration.

Academy of Finance & University of Greenwich Sep 2020 – Sep 2024
Dual Degree Programme: Finance, Banking and Accounting

- Bachelor of Finance and Banking – Excellent; BA (Hons) Accounting and Finance – First Class Honours
- Graduation Valedictorian, DDP 2024; GPA: **3.89/4.0**

Projects

Business Process Analysis and Improvement [GitHub] 2025
Academic projects | BPMN, Process Analysis

- Modelled a library's overdue book process across **6 participants** using BPMN, documenting responsibilities, payment exceptions, **7-day follow-ups** and **60-day closure rules**.
- Developed a **3-phase implementation plan** for an Uber Eats group case study, translating process analysis into KPIs and risk controls for proposed dispatch and exception-handling improvements.

SuperStore Retail Profitability Analysis [GitHub] Jun 2026
Power BI, Power Query, DAX | Sample Superstore dataset

- Analysed **$2.33M in sales** using Power Query and DAX in a **four-page Power BI dashboard**, identifying **$61.7K in Furniture transaction losses** despite positive category net profit.
- Examined product and discount patterns using Power BI, identifying **531 orders containing loss-making Binders sales** and losses associated with high discounts; recommended pricing reviews and discount controls.

Customer Deposit Decisions at SHB [GitHub] Feb – Jul 2024
Dissertation | SPSS, Excel

- Investigated deposit decisions using SPSS regression on **200 valid survey responses**, identifying **3 significant factors** with **adjusted** $R^2 = 0.497$. Marketing ranked strongest ($\beta = 0.367$), informing recommendations for targeted marketing and clearer product communication.

Experience

SHB | Individual Banking Intern Oct 2023 – Feb 2024
Personal Banking Department | Hanoi, Vietnam

- Analysed financial information and calculated **DTI ratios** to support preliminary mortgage assessments, preparing accurate documentation for supervisor review.
- Interpreted credit information from **printed CIC credit reports** in practice cases, assessing credit card eligibility and documenting proposed limits for supervisor review.
- Supported **customer service** through account and card applications, assisting with documentation and customer appreciation events.

DDP Charity Bridge Club | Finance Team Lead & Vice President Oct 2020 – Jul 2023
University student charity organisation | Hanoi, Vietnam

- Led **6 finance members** in budgeting and expense monitoring, coordinating with team leads across a **70-member charity** to support finance, HR and event activities.
- Coordinated budgets of approximately **VND 100–130M each** and university approvals for **3 Lunar New Year charity projects**, supporting project planning and delivery.

Skills

- **Business Analysis:** BPMN Process Mapping, Business Rules, Process Analysis, Implementation Planning
- **Data Analysis & Reporting:** Power BI, Power Query, DAX, SPSS, SQL, Python, Excel
- **Project Skills:** Project Planning, Stakeholder Communication, Report Writing, Team Leadership
- **Finance & Customer Service:** Budget Planning, Expense Monitoring, Customer Support
