Summary

Final-semester Master of Information Technology student (Enterprise Systems; Information Design and Analysis) with a finance, banking and accounting background and retail banking internship. Built Power BI dashboards for SuperStore and Pizza Sales and analysed customer survey data using SPSS for a dissertation on deposit decisions, producing business recommendations.

Education

University of Wollongong
Feb 2025 - Dec 2026 (expected)

Master of Information Technology, Majors in Enterprise Systems and Information Design and Analysis — *NSW, Australia*

- WAM: 83.9/100
- Selected coursework: Data Management Systems; System Analysis and Project Management; Business Process Management

Academy of Finance & University of Greenwich
Sep 2020 - Sep 2024

Dual Degree Programme (DDP): Finance, Banking and Accounting — *Hanoi, Vietnam*

- Bachelor's Degree in Finance and Banking - Excellent
- BA (Hons) Accounting and Finance - First Class Honours
- Graduation Valedictorian, DDP 2024 | GPA: 3.89/4.0

Projects

SuperStore Retail Profitability Analysis
Jun 2026

Power BI, Power Query, DAX | Kaggle Sample Superstore Dataset — *GitHub*

- Built a four-page Power BI dashboard using Power Query and DAX to identify profitable and loss-making areas across products, regions, segments, discounts and shipping, analysing **$2.33M in sales** and **$292.3K in profit**.
- Identified **weak Furniture profitability** and **high-discount risks**, proposing pricing and discount-control recommendations.

Pizza Sales Analysis
Aug 2026

Power BI, Power Query, DAX — *GitHub*

- Transformed raw pizza sales data into a star schema using Power Query and built a four-page Power BI dashboard with DAX measures, analysing **$817.86K in revenue** across **21.35K orders**, sales trends, product performance and ingredient demand.
- Identified Friday as the busiest day, Classic as the top-revenue category and garlic/tomatoes as ingredients associated with high sales volumes, proposing staffing, menu and inventory-planning recommendations.

Factors Affecting Individual Customers' Deposit Decisions at SHB
Feb 2024 - Jul 2024

SPSS, Excel | Dissertation Project — *GitHub*

- Designed a customer survey and analysed **200 valid responses** using SPSS, applying Cronbach's Alpha, Exploratory Factor Analysis (EFA), Pearson correlation and multiple linear regression to investigate customer deposit decisions.
- Identified **marketing, deposit interest rates and bank reputation** as statistically significant factors associated with deposit decisions, proposing recommendations to improve SHB's deposit services and customer acquisition strategies.

Experience

SHB - Individual Banking Intern
Oct 2023 - Feb 2024

Personal Banking Department — *Hanoi, Vietnam*

- Supported preliminary mortgage assessments by reviewing customer financial data, calculating **DTI ratios** and preparing supporting documentation.
- Assessed credit card eligibility using **printed CIC reports** and proposed preliminary credit limits for supervisor review in practice cases.
- Assisted banking staff with **account and card-opening applications**, including completed cases, and year-end customer appreciation activities.

DDP Charity Bridge Club – Finance Team Lead & Vice President
Oct 2020 - Jul 2023

University Student Charity Organisation — *Hanoi, Vietnam*

- Coordinated finance, HR and event activities across a **70-member student charity** through functional team leads.
- Led a **six-member finance team**, overseeing budget planning, expense monitoring and financial resource allocation for charity projects.
- Coordinated budgets, university approvals and delivery for three Lunar New Year charity projects (2021–2023), with individual project budgets of approximately **VND 100–130M**.

Skills

- **Analytics & BI:** Power BI (Power Query, DAX), Excel, SPSS, Dashboard Development, Data Visualisation
- **Finance & Banking:** Credit Assessment, DTI Analysis, Budget Planning, Expense Monitoring
- **Business Analysis:** Requirements Analysis, Stakeholder Analysis, Gap Analysis, BPMN, ArchiMate
- **Foundations:** SQL (foundations), Python (foundations)
- **Transferable Skills:** Stakeholder Communication, Customer Communication, Cross-functional Coordination, Team Leadership

Certifications & Training

- **Design and manage analytics solutions using Power BI** - Microsoft Learn | Jul 2026
- **SQL for Newbies: Data Analysis for Beginners** - MCI Academy | Jan 2025
- **Python Foundation in Data Analytics** - MCI Academy | Sep 2024
